ABOUT AFTERBURNER**

WHAT'S THEIR SECRET?

Make the complex simple and the simple compelling to win 98% of the time!

We use a simple four-step process that creates clarity, motivation, agility and accountability for you and your team. It's called "Flawless Execution".

Whether you are a leader or a valued member within a team, the methods employed by Fighter Pilots consistently deliver results. Whether you are a high-performance sports team, a small organization or a large complex corporation, you will find there is something for everyone to experience in an Afterburner program.

WHAT'S FLAWLESS EXECUTION?

A simple way of working for your entire organisation.

Flawless Execution is the ability to take an idea or strategy and get it executed on a daily basis through an intuitive cycle of PLAN, BRIEF, EXECUTE and DEBRIEF. It's a simple framework to build flawlessly executing teams or develop flawless leaders to drive your business into the future you've designed.

**THE POWER OF
DEBRIEFING**

WHAT'S THE DEBRIEF

Want to improve or grow by 300%?

Fighter pilots debrief their missions everyday. They hash out what went right, what went wrong and apply those lessons the very next day! It's how you take your intentions and turn them into the right actions! On average, organisations that debrief everyday outperform their competitors by 300%!

Fighter Pilot Fun Facts

There's a LOT your team can
learn from these top performers

Your Goal & Brief:

- ✈ Go big and "Save the World"! You'll work together as a team to plan and execute the a mission just like Fighter Pilots do. And of course, NO ONE GETS HURT!
- ✈ There will be three Mission Objectives your team MUST achieve in that time.

- ✈ What started as an unexceptional meeting becomes a high-energy session. You'll be quickly inspired by the Fighter Pilot's unique stories.
- ✈ For the next 90 minutes, we teach your group about Flawless Execution – the framework used by elite teams to succeed in high-stakes, volatile environments.

Callsign Fun - Move Over Maverick!

- ✈ Each team member is given a unique Fighter Pilot callsign (aka Maverick, Siren, Goose and Iceman).
- ✈ Plus an indispensable role to play to successfully complete the mission.

Then it gets REALLY interesting!

- ✈ You'll be thrust into the planning bunker where teams of 10-14 people plan a fun, interactive, and exciting mission as Commanders of your very own Jet Fighter Squadron!
- ✈ You'll have multiple distractions and challenges thrown at you... just like the average day in the office right?
- ✈ Engagement, interaction, and high energy is key to completing the mission!

100% inclusive:

- ✈ You'll learn about our 'Nameless and Rankless' culture, where every member is completely equal with equally challenging roles.
- ✈ Just like real Fighter Pilots, every team member has the opportunity to participate and shape your team's ultimate success!

Now it's time to Debrief:

- ✈ The Mission is not complete until the team conducts a Debrief. A "Nameless and Rankless" Debrief ends the mission but is the start of continuous learning.
- ✈ Your team won't just hear how to continuously improve – they'll experience it!

Designed as a fun and interactive learning experience for all

A PERFECT ADD-ON FOR TEAMS WHO NEED TO PERFORM!

You hear, you forget. You see, you remember. You do, you understand! Our facilitated workshops help you build and execute your strategy.

- ✈ Bring your last quarter goals along to the workshop. We'll Debrief them and create three actions for each member to take over the following 14 days and three objectives to deliver in the following quarter to drive real and enduring change.

TECHNIQUES FOR INDIVIDUALS AND TASK SATURATED TEAMS

- ✈ Our facilitators conduct a collaborative session, enabling each attendee to go attack a current business problem or strategic goal. The session will inspire the sharing of best practices between peers.
- ✈ We encourage attendees to be ambitious with goals. We set each participant up to exit the event with commitment, an action plan, and tools that they can immediately put into practice.

Do you have high impact leaders and teams?

SMALL TEAMS, BIG WINS

Firstly, what is a high-impact leader and team? We use those words in the same sentence for a reason. You won't have a high-impact leader without a well-trained team, and a well-trained team won't make an impact without an outcome-focused leader.

High-impact people are outcome-focused; they design outcomes, they drive outcomes, and they deliver outcomes. They are the antidote to today's epidemic of "busy-ness"
